## ANNUAL REPORT OF THE DISTRICT NURSE

Fiscal Year Jan. 1, 1950 to Dec. 31, 1950

---

Number of Home Nursing calls made were 1,981, cases 588,  
 office calls 307.

Classified as follows:

	Calls	Cases
Non-communicable	1,450	391
Acute	12	10
Orthopedic	11	8
Pre-natal, Postnatal, and New Baby	164	79
Cases in behalf of Health Services:		
Adult	132	93
Infant and pre-school	43	43
Baby Office Conference	137	122

30 trips were made out of town, 13 to clinics, 10 to hospitals, and 7 to specialists.

Toxoid Clinics and Baby Conferences were held 7 months out of the year. 158 infants and pre-schools received Toxoid. 28 were examined and 23 vaccinated. These clinics inoculate the children against diphtheria, whooping cough and tetanus. They are conducted by the State Board of Health. Dr. Kathleen Robinson is the attending physician, assisted by Mrs. Joanna Carter, R. N., the state preschool nurse, and the local District Nurse.

Mrs. Madeline Trabucco, R. N., substituted for the District Nurse for the month of August.

The District and School Nurse wrapped and delivered Christmas toys donated by the Rotary Club. The B. P. W. Club gave \$12.00 which was used to buy gifts for children. A total of 50 children were remembered representing 20 families. Many families were remembered with Xmas dinners in Tilton and Northfield as in past years. The Elks generously gave 20 dinners. The Odd Fellows and Salvation Army together gave 8 dinners and the Tilton Trust Fund \$10.00.

Again during the past year, the generous support and cooperation of the officers and members of the District Nursing Association, the physicians, the town officials, the social agencies, and the individuals of Tilton and Northfield was most sincerely appreciated.

Respectfully submitted,

ALICE M. FRENCH, R. N.,

District Nurse.

## TILTON AND NORTHFIELD FIRE DISTRICT WARRANT

---

### THE STATE OF NEW HAMPSHIRE

To the Inhabitants of Tilton Fire District, qualified to vote in District Affairs:

You are hereby notified to meet in Tilton Town Hall, Friday, March 16, 1951, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To choose a treasurer for the ensuing year.
4. To choose three firewards for the ensuing year.
5. To choose an auditor for the ensuing year.
6. To hear reports of the treasurer and firewards and pass any vote relating thereto.
7. To see what action the District will vote to take in regard to renewing the lighting contract and raise money for same in the sum of \$5,312.04.
8. To see what action the District will vote to take in regard to renewing the water contract for hydrants and raise money for same in the sum of \$6,292.75.
9. To see what action the District will vote to take in regard to installing a light on the precinct line on West Main St.
10. To see what action the District will vote to take in regard to the purchase of a portable lighting unit and raise money for same in the sum of \$700.
11. To see what action the District will vote to take regarding payment of administration, firemen, new equipment

and other incidental expenses in the sum of \$7,457.00.

12. To transact any other business that may legally come before the meeting.

H. HOWARD ALIEFF,  
ROY A. JORDAN,  
GEORGE E. PLUMMER,

Firewards.

To the Inhabitants of Tilton and Northfield:

In closing the records of the Fire Precinct, we take pleasure in presenting to you citizens a summary of what has been accomplished during the past year.

You will find on the succeeding pages of this report information as to the expenditures of the past year, each item so arranged that the voters will be able to follow through the items to their complete understanding.

Much has been accomplished to the betterment of service which the Department will be capable of rendering to the community by the purchase of certain pieces of new equipment, notably the new three section all metal sixty foot ladder.

Fortunately, there have been few occasions when a ladder as described above has been needed, had such a need arisen the Department would have been badly handicapped in not being able to reach the roofs of some of the higher buildings.

A completely new heating plant has been installed in the Station House of sufficient size to meet all the heating needs of the future, included also is a new blower radiator which will be installed in the storage space occupied by the tank truck, that this very important piece of equipment be ever ready to go out on call with its 500 gallon load of water to those parts of the towns where the supply is limited.

A 1000 gallon oil tank has been installed to replace the former tank, making it possible to carry a greater supply and diminishing the possibility of being without fuel to the detriment of the property.

There was need of an adequate stretcher, and a new one of the latest design was purchased and added to the Rescue Car. Also four new blankets were secured through the courtesy of the Red Cross and their local representatives, Misses Barbara Bird and Jerre Elliott.

Much has been accomplished by Engine Co. No. 1 and No. 2 in the last year in many respects as regards the Fire Department in general, for through their sacrifices and labor they have purchased and paid for new uniforms, caps, etc., to a cost of \$1,300.00. Also they have completely re-finished the interior of the club room on the second floor, enclosing the old beams and walls with knotty pine finish and ceiling of tiled sheet rock. New lights have been purchased and material to cover the floor, all from the proceeds of their weekly Beano game. When this project is completed the Fire Department can be justly proud of their accomplishment as well as the citizens of Tilton and Northfield must be, when they realize how much time and labor has been expended in order to carry out such an undertaking.

As you voters are aware, your water rates have increased considerably in the last year and the same has applied to the yearly hydrant rentals.

Prior to 1950, the hydrant rental has been \$50.00 per unit, making the total cost on the existing 53 hydrants \$2,650.00 per year, but effective July 1, 1950, notice was given of an increase of \$50.00 per hydrant, making the cost per hydrant \$100.00 yearly.

Due to the fact that this increase came in the last half of the fiscal year and with no appropriation to cover the increase, arrangements were made with the Tilton & North-

field Aqueduct Co. by which the rate was decreased to \$75.00 per unit to March 1, 1951, resulting in a carry over by the Department of the last two quarterly payments of 1950 and the first payment of 1951 to the extent of \$993.75.

As may be seen in our budget appropriation for hydrant rental for 1951 we have called for the sum of \$5,300.00 plus the amount of \$993.75 representing the amount accumulated in payments from July 1, 1950, to March 1, 1951, the amount necessary to raise, if the ruling of the Public Service Commission can not be altered.

The past year has been a very successful period as far as serious fires were concerned. Only one fire of consequence has occurred, the Golden Rule Farm being the victim of a serious blaze which completely destroyed the combination cow barn and hay storage space at an estimated loss of \$20,000.00.

As this building was directly connected to the dormitory much credit is due Chief Roy Jordan and firemen for their efforts in saving the above from total destruction.

Included in the budget is a request for an appropriation for a portable lighting unit to provide adequate lighting in cases where no electricity is available. This unit provides two-250 watt lights and one of 150 watts, connecting to the unit by cables of sufficient length to reach any part of a burning building.

In concluding this annual report, we wish to thank the citizens within the precinct, and the firemen for their support in so many ways during the past year. We thank you.

Respectfully submitted,

H. HOWARD ALIEFF,  
ROY A. JORDAN,  
GEORGE E. PLUMMER,

Firewards.

You are hereby notified to meet in the Tilton-Northfield High School in said District on Wednesday, March 14, 1951. at 8:00 p. m. to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
- 4a. To choose a member of the School Board to serve for three years to fill the vacancy arising from the expiration of the term of office of John W. Crawford, and
- 4b. To choose a member of the School Board to serve for three years to fill the vacancy arising from the expiration of the term of office of Bracket H. Hill.
5. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen and pass any vote relating thereto.
6. To choose Agents, Auditors, and committees in relation to any subject embraced in this warrant.
7. To determine and appoint the salaries of the School Board and other district officers.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of

school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see what sum of money the district will vote to raise and appropriate and make available to the school board by March 31, 1951 to pay for a cost-of-living adjustment to all school personnel in the 1950-1951 school year.

10. To see if the district will vote to construct an addition and make alterations to the Tilton-Northfield High School and/or the Union School, and equip the same.

11. To see what sum of money the district will vote to raise and appropriate for the purpose of constructing and equipping an addition to or altering the Tilton-Northfield High School and/or the Union School, and equipping the same.

12. To see if the district will authorize the issue of bonds to meet all or any part of an appropriation raised and appropriated for the construction of an addition or making alterations to the Tilton-Northfield High School and/or the Union School, and/or equipping the same.

13. To see what sum of money the district will vote to raise and appropriate for the purchase of that part of the former Charles E. Tilton Estate Park west of Park Road, so-called, and adjacent to the High School grounds, and authorize the School Board to acquire title to the property.

14. To see if the district will authorize the School Board to apply for and accept in the name of the district any Fed-

eral and/or State funds which may be made available for plan preparation, building alterations, building construction, and/or equipment.

15. To see what sum of money the district will vote to raise and appropriate for the purpose of painting the exterior finish of the Union School and the Tilton-Northfield High School.

16. To see what sum of money the district will vote to raise and appropriate for the purpose of installing new pipes in the return system of the Tilton-Northfield High School and replacing the basement corridor ceiling.

17. To transact any other business that may legally come before this meeting.

Given under our hands this fifth day of February, 1951.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

### To the Members of the School Board:

This report will be very brief, reflecting "austerity." The labors of the school department have been strenuous this year because of curtailments imposed by a local assessment of one hundred thirty-five thousand dollars for schools. Like all "austerity" programs, there have been some good outcomes, but there have also been some losses.

Our 1950-1951 School Budget required stern measures to be taken to keep expenses within income. These stern measures were unwillingly accepted by many. They affected children, teachers, the school program, and the school plant.

1. The number on the teaching staff was reduced below the point of good school practices; too many pupils were placed with a teacher.
2. Revisions were made in the high school program.
  - a. Six-period schedules were assigned to pupils.
  - b. Heavier teaching schedules were loaded on the teachers.
  - c. Size of high school class divisions was increased.
  - d. Study halls were removed.
  - e. Some pupil activities were placed in out-of-school hours.
  - f. Less teachers were employed on high school staff.
3. Elementary pupils continue to be crowded into rooms and corridor of the Union School.

4. Inventories were reduced; the reserve coal supply was eliminated.

5. Pupils from West Northfield, against their parents' wishes, were transported through Franklin to T-N schools.

Friends of the school department—and these are legion—recognize that stern measures had to be taken to operate the schools under restricted funds. They have been most considerate in their evaluations.

### **Facing the Future**

There are some matters that must be faced soon.

1. There are many more children under 6 years of age in Tilton and Northfield than are now attending the Union School. This condition is causing us grave concern because of overcrowding now. Within a couple of years, the Union School rooms will be filled by children under 10 years of age. What shall we do with those between 10 and 13?

2. Time is required to lay plans and to construct any addition. By the time the school district is likely to take favorable action and a structure is built, little pupils in great numbers will be waiting to cross the school door thresholds. If there is further delay in facing this responsibility, the education of many children will suffer.

3. A cost-of-living adjustment is imperative for many teachers with dependents and among those who are taking study courses for greater effectiveness.

4. The exterior finish of the two school buildings is deteriorating for lack of paint, and the interior of classrooms should be redecorated.

### **The Elementary School Program**

Our endeavor in the elementary years is pointed towards bringing out of each youngster his own potentialities, those

talents which were hidden within him when he was formed, and assisting him to develop himself into a well-rounded human being capable of caring for himself and also assuming his social-civic obligations to others.

Little children should be loved, should grow up in a school system where they are understood by kindly teachers, should learn to do by performing work or lessons which are meaningful to them, and should be helped to develop into expressive, creative, cooperative and loyal young citizens with good understandings of the world in which they live, with good work habits, and with sincere civic responsibility.

Youngsters differ from each other in many ways. Our teachers try to deal with the varying learning abilities of the children in suitable exercises. There is much more to school than studying books. Attitudes towards work, of kindly feelings towards others, of respect for self, companions, and property, and cooperation in group projects are as important as book-learnings. Complete control of a skill, mastery of a process, or use of facts are goals sought. Actual achievements are generally measureable and they are meaningful when they are related to a child's talents and capabilities.

Child life is a growing-up period. A child has his own interests; and these are not grownups interests. A child has his own understanding of situations, and this is not adult understanding. A child sees the world and the people in it through his own eyes. He makes his own meaning of conditions he finds, and it is not an adult interpretation. A child is not a miniature adult. He is a CHILD, and the school should be organized to deal with him in the best known ways psychologically as well as physically. School life should be a wonderful experience for every child. Through its program, knowledge of and acquaintance with the world should be opened through books, pictures, tele-

vision, radio, conversation, magazines, excursions, and group activities.

Reading and writing are useful means of expression. So also is graphic expression in Art, harmony in Music, and grace in Physical Exercise. Every means of expression should be advanced in the elementary school so that each child may acquire there some of the experiences for living full lives as adults.

It was necessary in September to establish an additional elementary classroom by using Room 3 at the T-N High School. Mrs. Velma Lucier Simpson was secured as substitute teacher for this post after the opening of the school year.

Miss Mary E. Foss has given unusually faithful service through more than fifty years and the community may find ways other than "Thank You" to recognize her contributions to the lives of so many.

Miss Foss taught all grades in an ungraded public school in 1895-96. During two terms of 1897-1898 she taught in the Maple Street School in Rochester, N. H. She returned to her lifetime work here in 1898.

She attended Tilton Seminary and was graduated from Plymouth Normal School in 1897 in a two-year course.

Great honor is due her for her service to the people of Tilton and Northfield, and it is our hope that the years ahead will bring her much satisfaction and reward in recognition of her labors.

### **The High School Program**

The high school program has been reorganized as a result of last year's work and the Workshop in September 1950. There are still several aspects in which additional emphasis is necessary, but much has been accomplished by a hard-working corps of teachers in the six months since the opening of the current school year. Our teachers are trying to use many of the possibilities about which we are acquainted of the ways that boys and girls of high school age learn. The chief features of the present secondary program are these.

1. Pupils are given experiences in both general and specialized education.
2. Each pupil has a full-day's assigned schedule.
3. More study is being concentrated in class periods under teacher direction; study halls have been removed.
4. Some pupil activities have been placed in out-of-school hours.
5. The educational program for each pupil is designed to fit his capabilities, his interests, his life or career choices, and the school's offerings.

Mr. Ralph H. Potter, of Walpole, N. H., is the new Principal. His predecessor, Mr. Russell S. Hanson is now in Wilmington, Vt.

Miss Vivian M. Fox returned to the staff after devoting a few years in educational institutions farther south. Mr. Fred A. Rogler transferred here from Belmont High School. Mr. Paul S. Mayerson of Norwichtown, Conn., succeeded Miss Jane R. Vogel. Mrs. Elma Carreer is filling out the year in the Languages Department for Miss Glaude who resigned to be married.

Several teachers attended summer sessions last year. Some have taken extension courses during the school year, or have participated in workshops.

### Graduates of T-N H. S.

In June, 1950, thirty-two members of the Class of 1950 were given diplomas by Judge John W. Crawford, Chairman of the School Board following a Graduation Address by former headmaster, Donald F. Piper of Laconia.

Elaine Ruth Achber	Janet Louise Meserve
Patricia Ann Ayotte	Mary Susan Morse
Dorothy Della Bailey	Sydney Robert Noyes
Robert Reeve Bennett, Jr.	Eva Vitiline Anne Racine
Annette Marjorie Blais	Kenneth Alan Randall
Betty Jean Carr	Mary Louise Robert
Ellerton Arthur Corliss	Mary Agnes Rita Shea
Rita Crawford	Richard Douglas Sleeper
Kenneth Allan French	Gale Smith
Barbara Lillian Fresh	Jean Eleanor Stone
Ralph Edwin Fuller	Lucius Earl Thomas
Arthur Orrin Johnson	Mary Theresa Twombly
Richard Weslyn Leavitt	Lois Mary Vittum
Dorothea Thelma Lees	Russell Stuart Vittum
Donna Joyce Mattoon	Julia Ann Wadleigh
Mary Louise McManus	Donald Francis Westover

Of the thirty-two graduates, more than 40% have enrolled in some post-secondary institution for continued training. Many of these made very ready adjustment to the harder program of college; a few have engaged in studies they have found hard because of lecture-type instruction.

### **Entrance Age for Beginners, 1951**

Starting in September, 1951, a child must be six years of age on or before September 1 of the school year in which he is to be enrolled as a beginner.

### **Health Program**

Physical and Dental Health:

A family-doctor and family-dentist plan has been made effective during the school year: During a transition period, pupils in the Union School were examined by family doctors under parental appointment, but this will not be continued under the new system. Now, each parent indicates his choice of local family doctor, and family dentist. Examinations are made and the school district pays 50c for each complete physical and 20c for each dental investigation. Any corrective exercises for physical defects, or dental work are agreed upon with parents who pay for such services, except where Dental Clinic agreements are in effect.

The Tilton-Northfield Woman's Club continues to give much financial support to the Dental Clinic. This has benefitted many children, and appreciation is expressed for this community interest and spirit.

The Rotary Club gives money for unpublicized good among children and other organizations provide funds for Mrs. McCook, School Nurse, to provide where there is need.

In the Union School Lunch program complete meals in good quantities provide  $\frac{1}{3}$  to  $\frac{1}{2}$  of the daily food intake of a child.

### **Organization Support**

The T-N P. T. A. raised money for college scholarships and for record players at the Union School. Members of the P. T. A. take interest in school matters and hold meetings where sentiments may be expressed and crystallized.

The Rotary Club is earning money to finish the athletic field at the rear of the High School. When completed, this field will be a most useful addition to the school plant.

For the support of various organizations, we are very grateful.

### **Office Force**

Time was when it was a simple matter to do the record-keeping and complete the few reports for the School Department. There has been a great change in the last decade, more particularly since the War years. With increasing Federal regulations, extended reporting, and extensive records, a heavy burden is placed on the school office force.

For many years, Mrs. Emma F. Ritchie was the sole

member of the office staff. The demands of recent years in office work placed a severe strain on her and she finally decided to relinquish her position. She was a very earnest employee, loyal, reserved, and conscientious. She possessed a fund of information about the several school departments in Supervisory Union No. 59 so when she terminated her services she was much missed. Her work is now being done by two part-time book-keeper-stenographers, Mrs. Helen Y. Andrews and Mrs. Marietta H. Regent.

### Conclusion

School programs have changed materially in recent years, and they are bound to change even more as our nation goes from one crisis to another in its growth in world influence. Though people accept changes readily in almost every phase of their present-day living, they are often loathe to accept changes in the educational pattern. This creates a conflict in points of view but these differing opinions can be resolved if parents and school personnel join hands across conference tables, or if people seek to study the school program and to mold it as they find the need.

Within a very few years, the size of school plants in Tilton-Northfield must be expanded to care for anticipated increases in school enrollments. It is not too early to begin construction soon.

As your superintendent of schools for more than a decade, it is a pleasure again to express thanks to all those who in any way have helped during this year to improve school conditions and aid boys and girls to learn to live in a changing world.

Respectfully submitted,

DONALD P. MATTOON.
